

# CALL FOR PAPERS

**ICADCN 2020**  
**Feb 06-07, 2020**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADCN 2020 : International Conference on Advances in Developmental Cognitive Neuroscience is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Developmental Cognitive Neuroscience. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Developmental cognitive  
neuroscience

Neuroscience, neuropsychology and  
cognitive development  
Methodological challenges for  
understanding cognitive development  
in infants  
Brain networks and cognitive  
development  
The relationship between brain  
development and cognitive  
development

Connectionist models of cognitive  
development  
Species comparative studies and  
cognitive development  
Cognitive development following  
early brain injury  
Consequences for visual cognitive  
development
