

CALL FOR PAPERS

ICAAARA 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAARA 2020 : International Conference on Antihypertensive Agents and Adrenergic Receptor Agonists is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Antihypertensive Agents and Adrenergic Receptor Agonists. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Antihypertensive drugs
Pharmacology of antihypertensive drugs
Blood pressure regulation
Diuretics
Calcium channel blockers
ACE inhibitors
Angiotensin ii receptor antagonists
Adrenergic receptor antagonists
Vasodilators
Benzodiazepines
Renin inhibitors
Aldosterone receptor antagonists

Alpha-2 adrenergic receptor agonists
Endothelin receptor blockers
Future treatment options
Blood pressure vaccines
Choice of initial medication
Patient factors affecting antihypertensive drug choice
Effect of antihypertensive drugs on insulin, glucose, and lipid metabolism
Long-term persistence with antihypertensive drugs in new patients
Antihypertensive drugs and risk of cancer
Cardiovascular protection with antihypertensive drugs in dialysis patients
Antihypertensive drugs and blood lipids
