

# CALL FOR PAPERS

**ICART 2020**  
**Feb 17-18, 2020**  
**Male, Maldives**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICART 2020 : International Conference on Aerospace, Robotics and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerospace, Robotics and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerospace robotics  
Automation and control  
Space robotics  
Space manipulators  
Flying robots  
Quadrotors  
Satellite formation flying

Mobile robots  
Robotic space exploration  
Autonomous robots  
Unmanned aerial vehicle  
Sensor fusion  
Signal processing
