

CALL FOR PAPERS

ICAUP 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAUP 2020 : International Conference on Astroparticle and Underground Physics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Astroparticle and Underground Physics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cosmology and particle physics
Dark matter and its detection
Neutrino physics and astrophysics

Gravitational waves
High-energy astrophysics and cosmic rays
