

CALL FOR PAPERS

ICCSET 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSET 2020 : International Conference on Computer Science, Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Science, Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Algorithms	Computer Networks
Artificial Intelligence	Computer Security
Automated Software Engineering	Computer Simulation
Bioinformatics and Scientific Computing	Computer Vision
Biomedical Engineering	Computer-aided Design/Manufacturing
Compilers and Interpreters	Computing Ethics
Computational Intelligence	Computing Practices & Applications
Computer Animation	Control Systems
Computer Architecture & VLSI	Data Communications
Computer Architecture and Embedded Systems	Data Compression
Computer Games	Data Encryption
Computer Graphics & Virtual Reality	Data Mining
Computer Modeling	Databases
