

CALL FOR PAPERS

ICDDD 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDDD 2020 : International Conference on Drug Discovery and Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Drug Discovery and Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biopharmaceutics and pharmaceuticals
Pharmacy practice
Pharmaceutical chemistry
Pharmacology
Drug discovery and development
Protein interactions as drug targets
Adrenergic drugs
Anesthesia pharmacology
Antibiotics
Application of membrane protein structure determination and its applications in drug design
Chemotherapy and other antineoplastic drugs
Cholinergic drugs
Clinical pharmacology

Clinical pharmacy
Design and optimization of dosage regimens
Drug development
Drug metabolism and interactions
Narcotic
Nursing pharmacology
Personalized medicine
Pharmaceutical crops
Pharmaceuticals testing
Pharmacokinetics and pharmacodynamics
Serotonin pharmacology
Characterization of drugs and biotherapeutics
Applications of ADME in early drug discovery
