

CALL FOR PAPERS

ICDPDM 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDPDM 2020 : International Conference on Digital Pathology and Data Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Pathology and Data Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digital pathology
Digital pathology solutions
Digital pathology systems
Digital pathology image analysis
Opportunities and challenges
New paradigms and perspectives
Engineering applications
Future directions
Technological perspectives
Digital pathology environment

Digital imaging, virtual slides or
virtual microscopy
Computer diagnosis
Technical performance assessment of
digital pathology
Digital pathology software
Automatic image quality assessment
in digital pathology
The future development of digital
pathology technologies
Scanning and analyzing
Data management challenges
Financial considerations
Applications and benefits
