

# CALL FOR PAPERS

**ICGD 2020**  
**Feb 17-18, 2020**  
**Male, Maldives**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGD 2020 : International Conference on Goal Directedness is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Goal Directedness. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Goal-directedness  
Cybernetics  
Systems science and cybernetics  
Cybernetic systems  
Goal-directedness and control  
Cybernetic analysis of  
goal-directedness  
Mechanisms of control  
The law of requisite variety  
Components of a control system  
Control hierarchies

Systems theory and goal seeking  
Cybernetics and the theory of  
knowledge  
Goal-directed behavior  
Essential characteristics of mind  
Goal-directedness and decision  
making  
Goal-directed actions  
Action and habit  
Action selection and prediction  
Action control  
Action monitoring
