

# CALL FOR PAPERS

**ICIEIS 2020**  
**Feb 17-18, 2020**  
**Male, Maldives**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIEIS 2020 : International Conference on Informatics Engineering and Information Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Informatics Engineering and Information Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

AI / Soft Computing Methods in  
Machine Learning  
AI Methods in Data Mining and  
Knowledge Discovery  
AI Tools for Pattern Recognition,  
Signal, and Image Processing  
Anti-cyberterrorism  
Assurance of Service  
Bioinformatics  
Biometrics Technologies  
Cloud Computing  
Computational Intelligence  
Computer Crime Prevention and  
Detection  
Computer Forensics  
Computer Security  
Confidentiality Protection

Critical Computing and Storage  
Critical Infrastructure Management  
Cryptography and Data Protection  
Data Compression  
Data Management in Mobile  
Peer-to-Peer Networks  
Data Stream Processing in  
Mobile/Sensor Networks  
Decision Support Systems and  
Multi-Criteria Decision Analysis  
Distributed and Parallel  
Applications  
Distributed Information Systems  
E-Business Applications  
E-Commerce Technology  
E-Government  
E-Health Technology
