

# CALL FOR PAPERS

**ICMEB 2020**  
**Feb 17-18, 2020**  
**Male, Maldives**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMEB 2020 : International Conference on Medical, Environmental and Bio-technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Medical, Environmental and Bio-technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemical, environmental, and  
process engineering  
Environmental engineering and  
sustainable development  
Process design and optimization  
Product innovation, development and  
economics  
Process intensification  
Nanotechnology

Clean technologies  
Sustainable cities  
Health and the environment  
Health related organisms  
Waste minimization  
Optimization of collection systems
