

CALL FOR PAPERS

ICNNP 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNNP 2020 : International Conference on Neurological Nursing Procedures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neurological Nursing Procedures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neurological nursing	Neurological disorders
Neurosurgical and neurological nursing practice	Diagnostic data for neurological conditions
Neurological rehabilitation nursing	Nursing management
Neurological nursing procedures	Analysis of the defects in neurological nursing records
Neurological observations and practice	Critical care in neurology
Roles and responsibilities	Long term neurological conditions
Neurologic assessment	Nursing management of the patient with multiple sclerosis
Nursing care for the neurological patient	Nursing management of the patient with parkinson's disease
Neurological dysfunctions and nursing intervention	Pediatric and infant neurologic examination
Clinical practice of neurological and neurosurgical nursing
