

CALL FOR PAPERS

ICRMM 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRMM 2020 : International Conference on Regenerative Materials and Medicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Regenerative Materials and Medicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Regenerative materials and their applications
Alternative regenerative materials
Biomaterials and regenerative medicine

Regenerative materials chemistry
Design and development of regenerative materials
Mechanistic aspects of regenerative materials
