

CALL FOR PAPERS

ICSM 2020
Feb 17-18, 2020
Male, Maldives

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSM 2020 : International Conference on Small Business and Manufacturing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Small Business and Manufacturing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

International strategies of small businesses
Operations and Production Management
Project management
Operations management
Construction management
Decision support systems
Optimization
Occupational safety and health management

Ergonomics
Logistics and supply chain management
Transportation systems
Service science, management, and engineering
Entrepreneurship in global businesses
Small businesses in a changing environment
Globalization in family businesses
New international paths, e.g. by 'born global'
