

CALL FOR PAPERS

ICACDD 2020
Feb 03-04, 2020
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACDD 2020 : International Conference on Architectural Construction Drawing and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Construction Drawing and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural construction drawing
Computer-aided architectural design
Digital systems for architectural design
Architectural computation
Computational analysis
Computational synthesis

Design as a knowledge-based process
Programming for architecture and design
Morphogenetic programming
Detail design
Structural design
