

# CALL FOR PAPERS

**ICFDNH 2020**  
**Mar 05-06, 2020**  
**Barcelona, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFDNH 2020 : International Conference on Food Digestion and Nutrition Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Digestion and Nutrition Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food Digestion, Nutrition Health  
and Medicine

Characterization of raw materials  
and processed food matrices for  
optimized nutrient bioavailability

Identification of bioactive  
compounds

Stability during processing

Characterisation of food  
structures

In vitro, in vivo and in silico  
models of mammalian

gastrointestinal digestion

Application of digestion models to  
food

Comparison in vitro/in vivo

Identification of digestion  
products

Evaluation of the healthy effects

Immunomodulatory properties of  
food

Regulation of appetite and satiety

Effect of food on gut microbiota

Nutrition, Health and Aging

Nutritional Science

Applied Nutrition and Epidemiology

Antioxidants, Phytoprotectants and  
Disease

Obesity, Diabetes and Eating  
Disorders

Diet, the Gut, Food Allergy and  
Intolerance

Diet, Fitness, Nutrition and  
Medicine

Nutritional Aspects of Pregnancy,  
Infancy and Childhood

Nutrition and Ageing

Healthy Nutrition and Natural  
Medicine

Lipids and Essential Fatty Acids

Dietary Minerals in Health and  
Disease

Clinical Nutrition and Nutritional  
Support
