

CALL FOR PAPERS

ICFSMC 2020
Mar 05-06, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFSMC 2020 : International Conference on Food Safety and Manufacturing Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Safety and Manufacturing Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food safety
The importance of safe food
Food contamination
Physical food contamination
Chemical food contamination
Biological food contamination
Food control

Manufacturing control
Food control measures
Food safety and nutrition
General considerations in food safety
Public education and information in food safety
Safe and hygienic warehouse management
Safe food handling procedures
