

CALL FOR PAPERS

ICOMA 2020
Mar 05-06, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOMA 2020 : International Conference on Optical Metrology and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Optical Metrology and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Optical Metrology and Applications
Optical Measurement Systems for
Industrial Inspection
Modeling Aspects in
Optical Metrology
Optics for Arts, Architecture, and
Archaeology

Videometrics, Range Imaging, and
Applications
Optical Methods for Inspection,
Characterization and Imaging of
Biomaterials
Automated Visual Inspection
