

CALL FOR PAPERS

ICPFL 2020
Mar 05-06, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPFL 2020 : International Conference on Physics and Fiber Lasers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Physics and Fiber Lasers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Fiber lasers
- Physics of fiber laser
- Materials and components
- New glasses and fibers
- New emission wavelengths
- Tunable and multiwavelength lasers
- Pulsed lasers
- Ultrafast lasers
- Power lasers

- Supercontinuum generation
- Technologies for cost reduction
- Lasers for industry
- Lasers for telecommunications
- Lasers for medicine
- Lasers for detection and ranging
- Lasers for defense
- Lasers for extreme physics
