

# CALL FOR PAPERS

**ICAPCPT 2020**  
**Mar 19-20, 2020**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPCPT 2020 : International Conference on Air Pollution Control Practices and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Air Pollution Control Practices and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Air pollution  
Pollutants  
Sources  
Control devices  
Air pollution control  
Control strategies  
Air pollution forecasting system  
Regulations  
Air quality law  
Air pollution concentration  
National-scale air toxics  
assessments  
Governing urban air pollution  
Health effects

Air quality  
Alternatives to avoid air  
pollution  
Reduction efforts  
Air pollution measurement vehicle  
Anthropogenic (man-made) sources  
Natural sources  
Emission factors  
Industrial air pollution  
Agricultural air pollution  
Hazardous air pollution  
Air pollution exposure  
Indoor air quality (IAQ)  
Mortality
