

CALL FOR PAPERS

ICASTA 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASTA 2020 : International Conference on Agronomic Sciences, Technologies and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agronomic Sciences, Technologies and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agronomy
Plant sciences
Efficient crop production
Agronomy and climate change
Land and water management
Forage crop and grass science
Irrigated crops
Integrated weed/insect management
Plant breeding
Crop sciences
Seed ecology and production
Seed technology

Plant growth analyses
Crop phenotyping
Plant breeding
Agronomy
Plants, seeds and propagation materials
Crop genetics and breeding
Physiology and ecological research on herbs
Flavonoids, antioxidant, antimicrobial, anti-inflammatory and anticancer activity of medicinal plants
Plant physiology and developmental biology
Application of biotechnology and biosensors in crop management
Crop post-harvest technology and management
Plant ecology and plant pathology
