

CALL FOR PAPERS

ICBCCB 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBCCB 2020 : International Conference on Biophysical Chemistry and Chemical Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biophysical Chemistry and Chemical Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biophysical Chemistry	Molecular Evolutionary Genetics
Biomolecular and Drug Databases	Neural Networks
Biomolecular Free Energy	Nucleic Acid Structure
Biomolecular Modeling	Patch Clamping
Biomolecular Structure	Pharmacology and Physiology
Computational Biology	Quantum Chemistry
Computational Chemistry	Sequence Alignment
Covering Dynamics	Single Protein Dynamics
Gene Regulation	siRNA
Graph/Network Theory	Soft Matter Physics
Medicine and Neuroscience	Stochastic Processes
Molecular Docking	Structural Alignment
Molecular Dynamics Simulation	Structural Biology
