

# CALL FOR PAPERS

**ICBSAO 2020**  
**Mar 19-20, 2020**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBSAO 2020 : International Conference on Biological Systems and Applications of Organisms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological Systems and Applications of Organisms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological engineering  
Bio-engineering  
Biomedical engineering  
Complex biological systems  
Engineering and medicine  
Diagnosis, monitoring, and therapy  
Health care treatment  
Biocompatible prostheses  
Various diagnostic  
Biological systems engineering  
Analytical and synthetic  
methodologies  
Biotechnology  
Applications of organisms

Biomimetics  
Gene regulation, expression,  
identification and network  
Structural, functional and  
comparative genomics  
Structures and functions of living  
organisms  
Therapeutic medical devices  
Micro-implants  
Common imaging equipment  
Clinical engineering  
Rehabilitation engineering  
Nanotechnology for biomedical  
applications  
Neuroengineering
