

CALL FOR PAPERS

ICDMVCD 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDMVCD 2020 : International Conference on Dual Mode Vehicles, Congestion and Demographics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dual Mode Vehicles, Congestion and Demographics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Dual mode transit	Energy security
Dual mode vehicle	Emissions
Dual mode vehicle design	Safety
Terminal and network alternatives	Roadway costs
Dual mode vehicle and infrastructure	Dual mode technology evaluation
Dual-mode solution	System requirements
Technology	Technology options
Logistics	Networked system change
Motivation	Road-rail vehicle
Energy, environmental and economic benefits	Two-way vehicles
Alternatives analysis	Road-rail buses
Transportation demand	Road-transferable locomotive
Congestion and demographics
