

CALL FOR PAPERS

ICFBFPP 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFBFPP 2020 : International Conference on Forest Botany and Forest Practices Plans is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forest Botany and Forest Practices Plans. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Forest botany

Silviculture and forest botany

Forest botany and forest zoology

Forest botany and tree physiology

Preparing forest practices plans

Physiological, ecological and genetic aspects of plants

Identification, nomenclature, classification and distribution of plants of forests

The wealth of biological resources and its availability in forests

International, national, and regional research

Interdisciplinary work approaches

Forest genetics

Forest ecology

Hydrological cycles

Seedling

Major and minor forest products

Forest protection silviculture concept

Plantation silviculture

Photosynthesis in forest

Nutrient cycling

Sampling for laboratory analysis

Sample preparation seed dynamics in forest

Seed dynamics in forestry

Seed quality

Seed structure

Seed germination

Tree growth
