

CALL FOR PAPERS

ICIWEI 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIWEI 2020 : International Conference on Improving Water Efficient Irrigation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Improving Water Efficient Irrigation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural engineering
Agricultural science
Agricultural irrigation
Water conservation
Irrigation water use
Water management
Irrigation system
Field irrigation efficiency
Irrigation efficiency
Irrigation techniques
Types of irrigation
Surface irrigation
Localized irrigation

Subsurface textile irrigation
Drip irrigation
Irrigation using sprinkler systems
Sprinkler irrigation method
Sub-irrigation
Irrigation automatically
Irrigation using water condensed
from humid air
In-ground irrigation
Water sources
Irrigation water
Irrigation water requirement
Irrigation improvement
Soil consolidation
