

# CALL FOR PAPERS

**ICIWEI 2020**  
**Mar 19-20, 2020**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIWEI 2020 : International Conference on Improving Water Efficient Irrigation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Improving Water Efficient Irrigation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural engineering  
Agricultural science  
Agricultural irrigation  
Water conservation  
Irrigation water use  
Water management  
Irrigation system  
Field irrigation efficiency  
Irrigation efficiency  
Irrigation techniques  
Types of irrigation  
Surface irrigation  
Localized irrigation

Subsurface textile irrigation  
Drip irrigation  
Irrigation using sprinkler systems  
Sprinkler irrigation method  
Sub-irrigation  
Irrigation automatically  
Irrigation using water condensed  
from humid air  
In-ground irrigation  
Water sources  
Irrigation water  
Irrigation water requirement  
Irrigation improvement  
Soil consolidation
