

CALL FOR PAPERS

ICOIC 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOIC 2020 : International Conference on Organic Industrial Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Organic Industrial Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial chemistry
Petroleum and organic industrial chemistry
Developments in petro chemistry and refining
Corrosion in petro and oil pipeline industry
Petroleum stream terms and ecology
Different approaches to HPV
Alkylation, Burton and Cumene Processing
Polymerisation, Rasching and Oxo processing, Production of Nylon
Metallurgical industrial chemistry
Industrial polymers, metals and composites chemistry
Industrial pharmaceutical and cosmetic chemistry

Applied chemistry
Nanotechnology involved in industrial chemistry
Industrial electrochemistry
Industrial photo chemistry
Textile industrial chemistry, textile engineering and apparel industry
Nuclear chemistry in industry
Production of food and beverages
Adhesive industrial chemistry
Industrial processes, white biotechnology and green chemistry
Industrial materials and applications
Chemistry in plastic, glass and leather industries
