

CALL FOR PAPERS

ICWQEH 2020
Mar 19-20, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWQEH 2020 : International Conference on Water Quality, Exposure and Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Water Quality, Exposure and Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Environmental engineering
- Water pollution
- Health effects
- Point sources
- Non-point sources
- Groundwater pollution
- Environmental impacts and control
- Emerging concerns
- Measurement
- Wastewater treatment technologies
- Modeling
- Assessment
- Safe water

- Water quality
- Causes
- Pathogens
- Organic, inorganic and macroscopic contaminants
- Thermal pollution
- Transport and chemical reactions of water pollutants
- Water reclamation
- Water cycle
- Sampling
- Physical testing
- Chemical testing
- Biological testing
- Control of pollution
