

CALL FOR PAPERS

ICABE 2020
Mar 19-20, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABE 2020 : International Conference on Agricultural and Biosystems Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural and Biosystems Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural and Biosystems
Engineering

Land and Water Engineering

Land and Water Productivity at

Various Scales

Land Use Planning and Management

Landscape Protection and

Preservation

Irrigation for Food Security and

Quality of Life

Groundwater Use Challenges and

Sustainability

Remote Sensing for Land and Water

Management

Paddies Irrigation Management and

Environmental Improvement

Wastewater Reuse in Irrigation

Salinity Assessment and Control

Climate Change Impacts and

Adaptation

Advances in Irrigation Agronomy

Multifunctional Land and Water Use

Modernization of Irrigation Systems

Water-saving vs Farmer Revenues

Irrigation Based on Plant Signals

Economics of Irrigation

Modeling and Information

Technologies

Wind Erosion, Water Erosion, and

Environmental Protection

Soil Conservation and Improvement

Irrigation and Soil Monitoring:

Practices and Equipment

Drought Management

Farm Buildings, Equipment,

Structures and Environment

Livestock Structures and Material

Handling Equipment
