

CALL FOR PAPERS

ICACSB 2020
Mar 19-20, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACSB 2020 : International Conference on Agronomy, Crop Science and Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agronomy, Crop Science and Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Crop sciences
Seed ecology and production
Seed technology
Plant growth analyses
Crop phenotyping
Plant breeding
Agronomy
Plants, seeds and propagation materials

Crop genetics and breeding
Physiology and ecological research on herbs
Flavonoids, antioxidant, antimicrobial, anti-inflammatory and anticancer activity of medicinal plants
Plant physiology and developmental biology
Application of biotechnology and biosensors in crop management
Crop post-harvest technology and management
Plant ecology and plant pathology
