

CALL FOR PAPERS

ICUETEE 2020
Mar 19-20, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUETEE 2020 : International Conference on Urban Energy Transitions and Embodied Energy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Energy Transitions and Embodied Energy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Urban energy transition
- Solar city
- Reconnecting energy generation
- Technical and social logic of solar energy
- Urbanization, increasing wealth and energy transitions
- Direct versus embodied energy
- Energy development and sustainable monetary systems
- Policy and practice dynamics
- City energy networking
- Climate change and cities
- Climate friendly future
- Renewable energy
- New aspects of technology
- Storage systems for reliable future power supply networks
- Sustainable urban mobility
- Rural and peri-urban electrification in developing countries
- Renewable built environment
- Urban heat
- Ecodesign and the transition of the built environment
- Sustainability on the urban scale
- Green urbanism
- New models for urban growth
- Urban energy and carbon management
- Integrating energy in urban planning
- Sustainable energy systems
