

# CALL FOR PAPERS

**ICASS 2020**  
**Mar 12-13, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASS 2020 : International Conference on Animals, Science and Society is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animals, Science and Society. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Human-animal studies  
Critical animal studies  
The science of animal emotion and cognition  
Animals and social change  
Social change for other animals  
Animal ethics and veganism  
Academic research on human-animal relations

Vegan communities and documentary film-making  
Animals in educational sciences  
Animals in language and linguistics  
Animals in literature and the media  
Animals in philosophy and religion  
Animals in historical sciences  
Animals in social sciences and gender studies
