

CALL FOR PAPERS

ICCFM 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCFM 2020 : International Conference on Corporate Finance and Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Corporate Finance and Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Corporate finance	Debt capital
Mergers and acquisitions	Equity capital
Private equity, corporate control and organization	Preferred stock
International issues in corporate finance	Investment and project valuation
Capital structure, and payout decisions	Valuing flexibility
Corporate investment decisions	Quantifying uncertainty
Corporate governance, financial intermediation, and banking	Dividend policy
Capital structure	Working capital management
Capitalization structure	Investment banking
Sources of capital	Financial risk management
