

CALL FOR PAPERS

ICCKM 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCKM 2020 : International Conference on Computer and Knowledge Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer and Knowledge Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Database
Artificial Intelligence
Computational and Artificial
Intelligence
Computer Architecture
Computer Networks
Computer Vision
Data Communication and Networking
Data Management
Data Mining
Embedded systems
Knowledge Management
Mining Data, Text, and the Web
Mobile computing

Multimedia DB's
Networks and Systems
Operating Systems
Parallel and Distributed Computing
Reconfigurable computing Sensor
networks
Signal Processing
Big Data and Intelligent Computing
Methods and Techniques for Software
Development
Big data and Cloud Computing
Distributed Computing and
Cooperative Computing
Artificial Intelligence and
Intelligent Computing
Semantic Analysis and Knowledge
Engineering
Machine Learning and Pattern
Recognition
