

CALL FOR PAPERS

ICEEE 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEEE 2020 : International Conference on Environment, Energy and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environment, Energy and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environment, engineering and energy
Wind energy technologies
Environmental management systems
Solar energy technologies
Hydro power
Global warming and climate change
Biomass industries and energy
Management of ecosystems, environment and water resources
Modelling and assessments
Education for sustainability
Green energy
Bio gas and biomass

Bio-diesel fuels
Hybrid energy systems
Integrated energy systems
Wind energy
Hydroelectric and geothermal power
Energy from tides and waves
Solar electricity and PV applications
Solar cell technology
Nanotechnology applications
Nuclear materials and fuels
Alternative fuels
