

CALL FOR PAPERS

ICFCMFP 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFCMFP 2020 : International Conference on Food Contact Materials and Food Packaging is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Contact Materials and Food Packaging. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food contact materials
Food safe symbol
Legislation
Traceability of food contact materials
Inspections, control measures and sanctions
Safeguard measures
Labelling
Migration testing on food contact materials
Food contact materials and active food packaging
Control methods, exposure and risk assessment
Food contact materials and chemical contamination
Chemical migration and food contact materials

Regulation of food contact materials
Improving the safety of food contact materials
Compliance testing of chemical migration from food contact materials
Exposure estimation
Toxicology and risk assessment
Mathematical modelling of chemical migration from food contact materials
Recycled plastics and chemical migration into food
Plastics and chemical migration into food
Metal packaging and chemical migration into food
Rubber and chemical migration into food
Safety assessment of paper and board used in food packaging
