

CALL FOR PAPERS

ICISSPCI 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISSPCI 2020 : International Conference on International Security, Security Paradigms and Current Issues is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of International Security, Security Paradigms and Current Issues. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

International security	
Concepts of security in the international arena	
The multi-sum security principle	
Trends and challenges in international security
