

CALL FOR PAPERS

ICOGPE 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOGPE 2020 : International Conference on Oil, Gas and Petrochemical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Oil, Gas and Petrochemical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Analysis of Clean Energy Options
Building Pricing Mechanism and
Requisite Infrastructure
Clean Coal Options
Ecology and environmental
technologies
Energy Infrastructure
Environmental Issues
Expanding Oil & Gas Exploration and
Production Operations
Fossil Technologies
Gas Turbine Technologies
Geomechanics and Rock Physics
Hydrates
Hydrocarbon Recovery Mechanisms
Identifying and Facilitating
Various Renewable Energy Projects

Industry Trends/Competitive Power
Generation
International Oil Prices
International transportation
projects
Investing in oil and gas sector
Leveraging Regional Energy
Resources through Energy Trade
LNG Market - Issues and Trends
Mitigating the Environmental Impact
of Energy Use
Oil & Gas Legal & Regulatory
Challenges for Enticing Foreign
Investment
Oil and Gas diversification
On-Site Power
Partnership Opportunities and
Addressing the Considerations in
Cross Border Activity
Plant Performance Issues
Producing SNG from Coal
