

# CALL FOR PAPERS

**ICPMD 2020**  
**Mar 12-13, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMD 2020 : International Conference on Precision Mechanics and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Precision Mechanics and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Precision mechanics and mechatronics  
Precision engineering  
Controls and mechatronics  
Metrology systems and techniques  
Precision design of instruments and machines  
Precision manufacturing machines and technologies  
Micro and nano technologies  
Characterization, data reduction and applications of measurement science  
Advanced moulding and forming  
Cad/cam technology  
Characterization: metrology systems, instruments and techniques  
Design and build of ultra-precision machine systems  
Design engineering

Green manufacturing  
High precision machining  
Machine tools  
Machining control  
Measurement engineering  
Mechatronics  
Medical devices  
MEMS/NEMS  
Non-conventional machining  
Precision devices  
Service engineering  
Tribological systems  
Ultra/nano-precision manufacturing
