

CALL FOR PAPERS

ICPRCV 2020
Mar 12-13, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPRCV 2020 : International Conference on Pattern Recognition and Computer Vision is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pattern Recognition and Computer Vision. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pattern Recognition and Computer Vision

Sensors and Early Vision

Color and Texture

Segmentation and Grouping

Motion and Tracking

Stereo and Structure from Motion

Image-Based Modeling

Illumination and Reflectance

Modeling

Shape Representation

Object Recognition

Video Analysis and Event

Recognition

Face and Gesture

Statistical Methods and Learning

Performance Evaluation

Medical Image Analysis

Image and Video Retrieval

Applications

Computer Vision and Image Analysis

Active Vision

Early Vision

Feature Extraction

Motion Analysis

Representation

Recognition (2D and 3D)

Texture and Colour
