

CALL FOR PAPERS

ICADM 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADM 2020 : International Conference on Advanced Design and Manufacture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Design and Manufacture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Product/industrial/engineering design
CAD/CAM/CAE
Concurrent engineering, agile manufacturing, rapid prototyping
Material science and engineering materials
Manufacturing technologies, production, control
Mechanical transmissions
Engineering management

Sustainable development, lifecycle assessment, Eco-design, Eco-manufacture and renewable energy
Web/Internet technologies,
Experimental and theoretical analyses, finite/boundary element methods, optimisation
Soft computing, artificial intelligence, evolutionary computing, agent computing
Computer simulation, multimedia, virtual reality
Creative industries
Engineering education
