

CALL FOR PAPERS

ICALSP 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICALSP 2020 : International Conference on Applied Linguistics and Semantic Prosody is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Linguistics and Semantic Prosody. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Defining semantic prosody and methodology

Language variation and applied linguistics

The importance of authentic examples

Semantic prosody and transitivity

Semantic prosody as a tool for ironic effect

Irony and/or lack of sincerity

Semantic prosody and specialized corpora

Semantic prosody in scientific texts: cause and consequences

Actively bringing about positive change

Corpus methodology

Theoretical corpus linguistics

The interface between corpus and linguistic theory

Psycholinguistic and cognitive explorations

Lexicology and lexicography

Special uses of semantic prosody
