

CALL FOR PAPERS

ICBEEN 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBEEN 2020 : International Conference on Biological Ecosystems and Ecological Networks is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological Ecosystems and Ecological Networks. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological Ecosystems and
Ecological Networks
Population and Landscape Genetics
Consumer-Resource Systems
Ecological Food Web Systems
Bioremediation and Ecological
Restoration
Ecological Recycling
Molecular Tools in Ecology
Genetic Analysis of Populations

Genetic Variation and Diversity
Molecular Evolution
Phylogenetics and Phylogeography
Molecular Approaches to Behavioral
Ecology
Conservation Genetics and Genomics
Biological Diversity and its
Ecosystems
Applied Molecular Ecology
Microbial Biodegradation,
Bioremediation and
Biotransformation
