

CALL FOR PAPERS

ICBIPS 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBIPS 2020 : International Conference on Building-Integrated Photovoltaics System is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Building-Integrated Photovoltaics System. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Building-integrated photovoltaics
Innovations in photovoltaics
technologies
Applications for
building-integrated photovoltaics
Transparent and translucent
photovoltaics
Building integrated photovoltaics
systems

Computer-based photovoltaics design
and sizing tools
Building design considerations
Environmental and structural
factors
Building-integrated photovoltaic
designs for structures
