

CALL FOR PAPERS

ICDL 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDL 2020 : International Conference on Development and Learning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Development and Learning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

General Principles of Development and Learning in Humans and Robots
Neural, Behavioral and Computational Plasticity
Biologically Inspired Mental Architectures for Development
Embodied Cognition: Foundations and Applications
Social Development in Humans and Robots
Language Development and Learning

Dynamic Systems Approaches
Emergence of Structures through Development
Development of Perceptual and Motor Systems
Models of Developmental Disorders
Architectures and software/hardware platforms for assisting development
