

# CALL FOR PAPERS

**ICISMAD 2020**  
**Mar 26-27, 2020**  
**Madrid, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISMAD 2020 : International Conference on Innovative Space Mission Analysis and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Innovative Space Mission Analysis and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Innovative space mission analysis  
and design for space sciences  
Innovative space mission analysis  
for earth observation  
Automatic identification systems  
The space mission analysis and  
design process  
Mission characterization  
Mission evaluation  
Mission analysis

Space mission geometry  
Orbit and constellation design  
Space payload design  
Spacecraft design and sizing  
Spacecraft computer systems  
Spacecraft propulsion systems
