

# CALL FOR PAPERS

**ICMWF 2020**  
**Mar 26-27, 2020**  
**Madrid, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMWF 2020 : International Conference on Mass Wasting and Flooding is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mass Wasting and Flooding. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mass wasting  
Mass wasting processes  
Role of water in mass wasting  
Types of mass wasting and triggers  
Mitigation of mass wasting

Weathering, erosion and mass  
wasting  
Distribution, morphology and  
triggers of mass wasting  
Earthquakes and mass wasting  
Soil moisture and mass wasting
