

CALL FOR PAPERS

ICQAP 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQAP 2020 : International Conference on Quality Assurance Procedures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quality Assurance Procedures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quality assurance
Quality assurance systems,
procedures and methodologies
Initial efforts to control the
quality of production
Quality management and control
Failure testing

Statistical control
Total quality management
Models and standards
Quality assurance and standards
monitoring
Quality assurance in manufacturing
practices
