

CALL FOR PAPERS

ICACIRM 2020
Mar 12-13, 2020
Miami, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACIRM 2020 : International Conference on Advances in Cancer Immunotherapy and Resistance Mechanisms is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Cancer Immunotherapy and Resistance Mechanisms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in cancer immunotherapy
Immune checkpoint inhibitors
(ICIs)
Chimeric antigen receptor (CAR) T
cell
Predictive biomarkers
Resistance mechanisms

Combination approaches
Toxicity management
Immunotherapies in
neoadjuvant/adjuvant settings
Novel targets of immunotherapies
Tumor microenvironment
