

CALL FOR PAPERS

ICBR 2020
Mar 12-13, 2020
Miami, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBR 2020 : International Conference on Breast Radiography is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Breast Radiography. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ultrasonography and radiography
Specialism radiography
Diagnostic radiography
Chest radiography
Spine radiography
Head and skull radiography
Abdominal radiography
Radiologic-pathologic correlation
Vascular and interventional radiology
Volumetric modulated arc therapy
3-dimensional conformal radiation therapy
Intensity-modulated radiation therapy
Particle therapy and auger therapy

Intraoperative radiotherapy
Brachytherapy and radioisotope therapy
Pediatric imaging
Thoracic imaging
Molecular imaging
Musculoskeletal imaging
Computerized medical imaging and graphics
Medical imaging
Imaging techniques in ophthalmology
Image guided radiation therapy
Medical terminology for urologic imaging
Cardiovascular imaging
2d/3d/4d images trends and techniques
